### UNIFIED PROGRAM FACILITY PERMIT APPLICATION

Dear Business Owner/Operator:

The County of San Diego regulates establishments which use hazardous materials, dispose of hazardous wastes, have underground storage tanks and/or generate medical waste. The primary purpose for these regulations is to protect the health and safety of San Diego County citizens and emergency response personnel.

Businesses in San Diego County must apply for a Unified Program Facility Permit if they generate hazardous waste or medical waste, handle hazardous materials or have underground storage tanks. Your business may be subject to various hazardous materials requirements.

Complete the attached "Business Activities" form and the "Unified Program Facility Permit Application" form to determine if your business is required to obtain a Permit.

If your business is required to obtain a Unified Program Facility Permit then complete the "Business Owner/Operator Identification" form.

If your business is NOT required to obtain a Unified Program Facility Permit then complete Section I. Identification of the "Business Owner/Operator Identification" form.

The San Diego County Code of Regulatory Ordinances requires all business owners/operators who receive this application/questionnaire to return it within 30 days to the Department of Environmental Health, Hazardous Materials Division.

If you have any questions, regarding the completion of this questionnaire please contact your area Environmental Health Specialist or the Hazardous Materials Duty Specialist at (619) 338-2231.

Thank you for assisting us in our efforts to improve the health and safety of San Diego County residents.
